An exceptional custom design located in the very private community of Kachina Springs East, this oversized corner lot offers views of three water features, two large ponds and Snow Canyon State Park. Carefully selected plant materials create interest, color and vitality to the home's exterior facade. Copper garage doors, copper clad windows, artisan crafted exterior sconces, and custom entry gate reflect the quality and care that resonates throughout the home. Carefully selected materials of the highest quality and craftsmanship were used throughout this incredible home. Great warmth is found in this open floor plan offering a gourmet kitchen, custom cabinetry, architectural details throughout, custom lighting fixtures, and incredible views. The library or third bedroom with its richly detailed built-in-wall units complete with niche lighting, will accommodate a queen-sized bed, house your most prized book collection and fine collectibles, and provide the professional with an ideal home office. This home has been meticulously maintained and is move-in ready, complete with custom furniture designed specifically for each amply sized room.
